What are these goals?

These goals were discussed by the Grand Guardian Council Executive Line Officers and these are the **MINIMUM** number of new members for each Bethel in order to maintain our current membership status.

Can the Bethels initiate more members than their set goal?

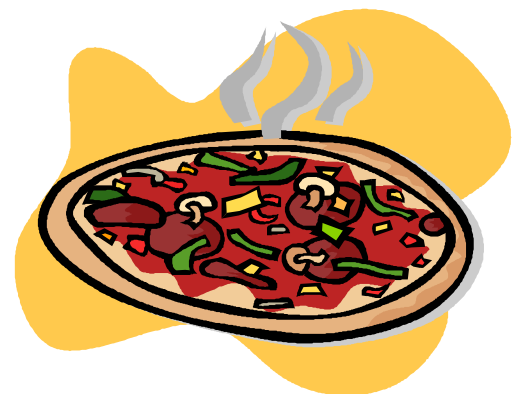

Of course! These goals are only a minimum recommendation, and each Bethel is highly encouraged to get out there and initiate as many new members as they possibly can this year.

How long do we have to do this?

The new initiates for each Bethel will be counted from Grand Session 2007 through Grand Session 2008.

Who will keep track of each Bethel's goals?

The Promotion & Membership Committee for 2007-2008 will keep track of each Bethel's achievements. The Bethel is asked to submit a 2007 New Member Reporting form, which can be found in the Guideline Book, for each new member. This information is also used to update the mailing list for the JD Connection and to award other membership prizes.

Do we receive anything for reaching our goal?

Each Bethel that successfully reaches their Membership Goal for 2007-2008 will receive a Pizza Party hosted by the Promotion Committee.
