We are hoping that you can attend!

Enclosed please find:

There are a couple of items that you need to make sure you attend to when getting these registrations completed. Below is a checklist to assist you:

- PA GGC requests that each Daughter attending has a completed health form.
- Directions to the hotel are enclosed for your use. Please feel free to make copies.
- Updated information and all forms will be available at www.paiojd.org. Check for updates.
- Please sign the guest escort card available at the Session Registration table.
- If you are purchasing the full package, you will receive the same items as per a PA delegate.
- When you arrive, a special registration will be set up for you. Your registration packet will include a comprehensive visitors guide for your use in the area we are located. It is a gift from the committee and something we hope you find valuable.
